1. Sprint 3 User Stories

1.1 US-017

As a condo owner, I want to have a dashboard of properties (general information, personal profile, condo information, financial status, remaining balance of condo fee payments, status of submitted request) so that I can easily manage and keep track of my properties.

Prerequisite(s):

- User is logged in to their account
- User is registered as a condo owner

Steps:

1. The user clicks on “Dashboard” in the navigation bar.

1.2 US-023

As a condo owner, I want to be able to submit requests, so that I can communicate my needs and issues to the management.

Note: The types of requests consist of:

- *Moving in/out*
- *Intercom changes*
- *Request access*
- *Report a violation*
- *Report deficiency found in common area*
- *Question*

Tom Cruise's Dashboard

My Profile

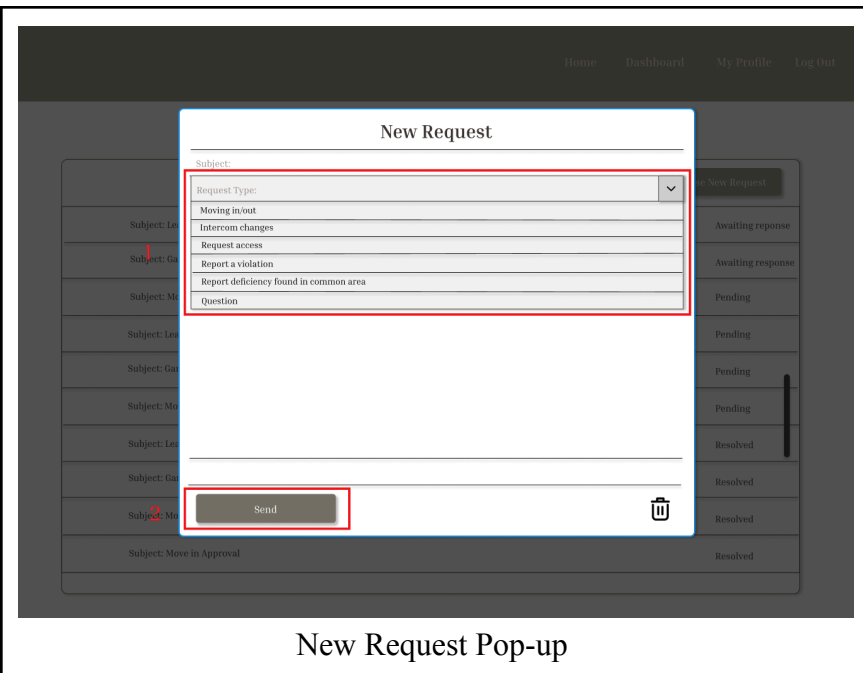

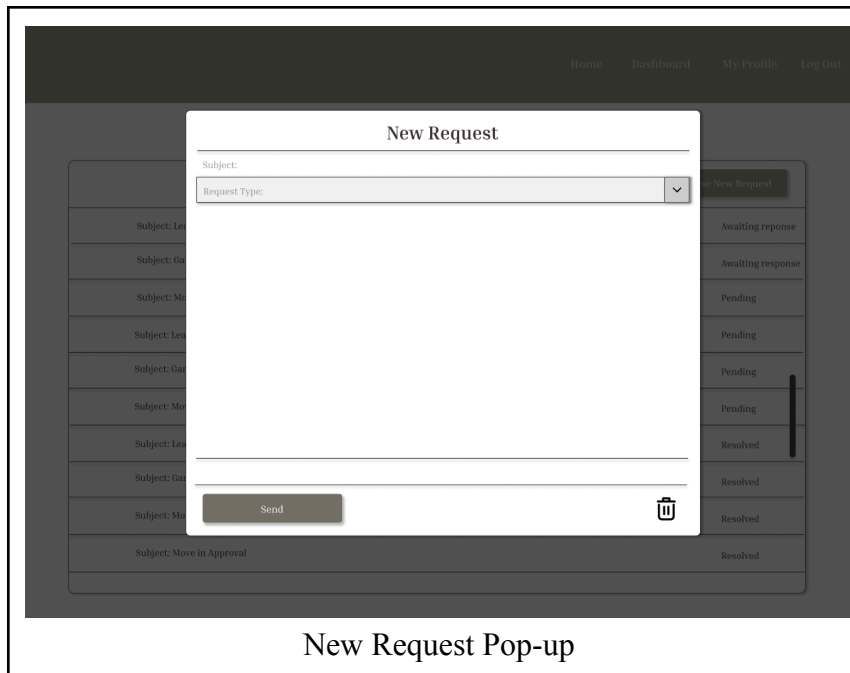

My Condos

My Financial Status

My Requests

Condo Owner Dashboard

My Requests	
Subject: Leaky faucet help	Awaiting response
Subject: Garbage Collection	Awaiting response
Subject: Move in Approval	Pending
Subject: Leaky faucet help	Pending
Subject: Garbage Collection	Pending
Subject: Move in Approval	Pending
Subject: Leaky faucet help	Resolved
Subject: Garbage Collection	Resolved
Subject: Move in Approval	Resolved
Subject: Move in Approval	Resolved

Prerequisite(s):

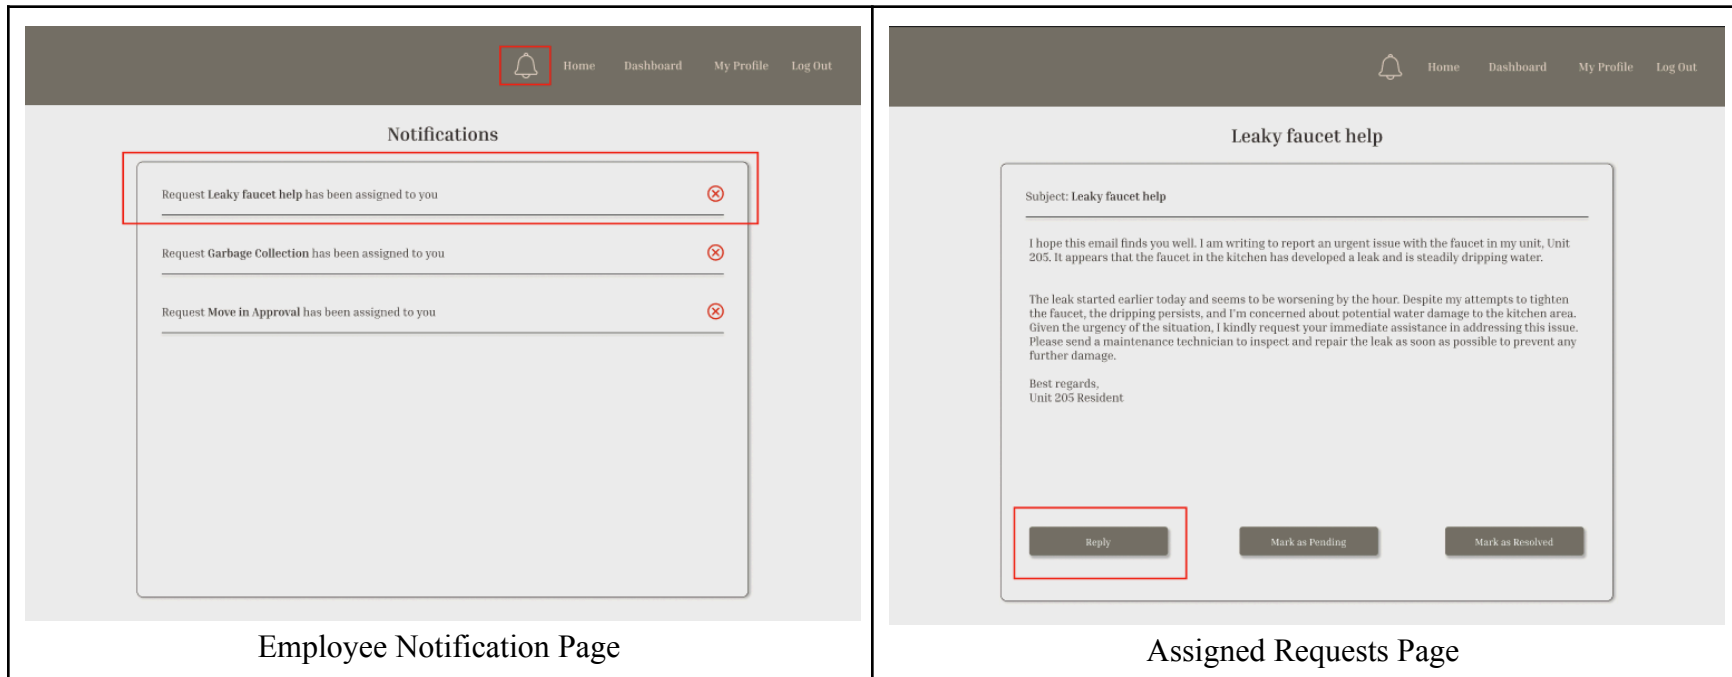

- User is logged in to their account
- User is registered as a condo owner

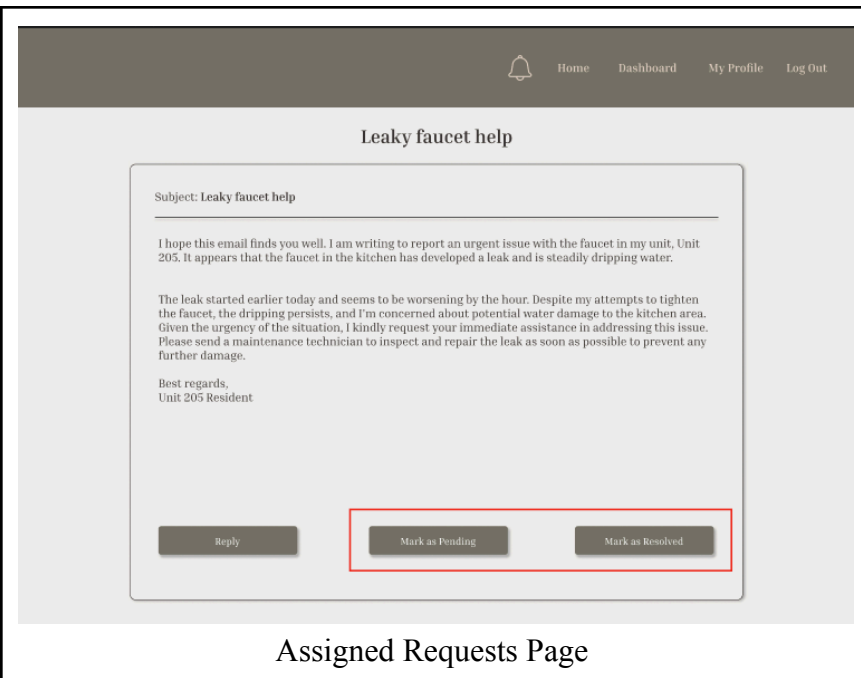

Steps:

1. The user navigates to the Dashboard by clicking on the “Dashboard” tab in the navigation bar.
2. The user clicks on the “My Requests” box.
3. The user clicks on the “Compose new request” button.
4. The user enters the subject of their request, chooses a request type from the dropdown menu, composes their request and sends it to the condo management company.

1.3 US-024

As a condo management employee, I want to be able to see the assigned requests so that I can promptly address and resolve them and stay updated on the status of my assigned requests.

Prerequisite(s):

- User is logged into their account
- User is a registered employee of the condo management company

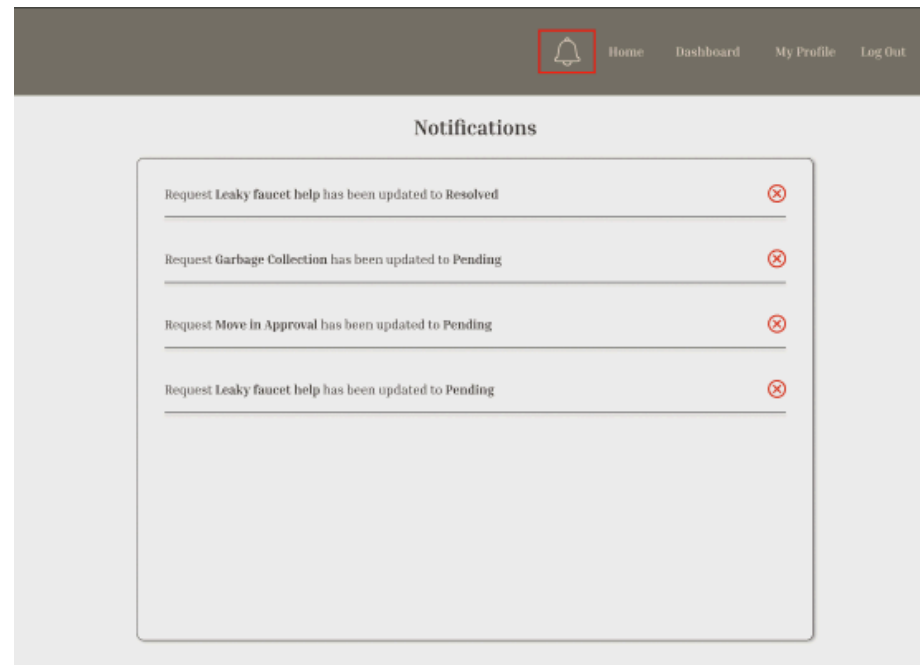

Steps:

1. The user navigates to the Notification page by clicking on the notification icon in the navigation bar.
2. The user clicks on the request that was assigned to them.
3. The user clicks on the “Reply” button in the Requests page of their assigned request.
4. The user composes a response to the condo owner’s request and clicks “Send.”
5. The user navigates to the Requests page of their assigned request and clicks “Pending” or “Resolved” to indicate to the condo user the status of their request.

1.4 US-025

As a user, I want to be able to have a notification page so that I can see and stay updated on the latest activities in my submitted or assigned requests.

1.4.1 Condo Owner's Notification Page

Condo Owner Notification Page

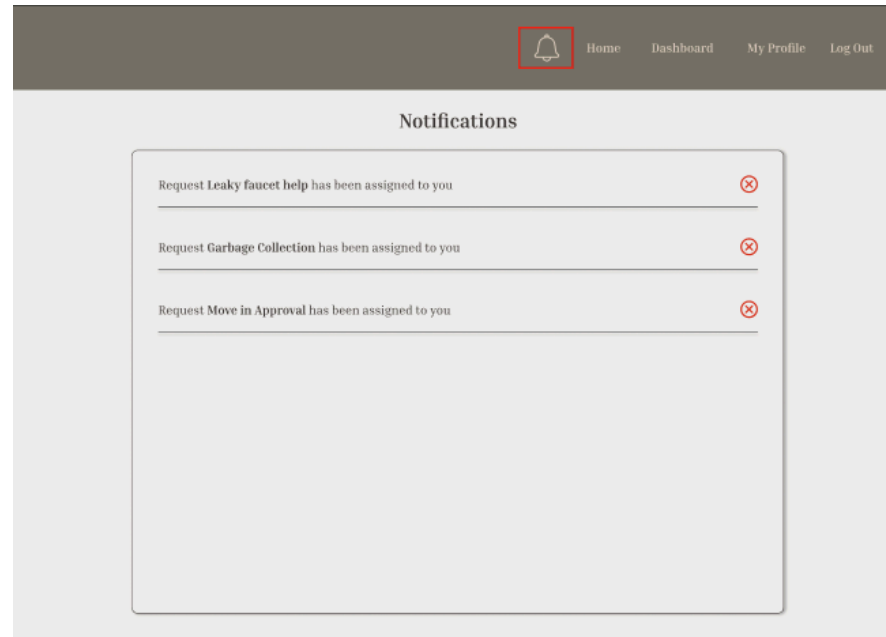

Prerequisite(s):

- User is logged into their account.

Steps:

1. The user navigates to the Notification page by clicking on the notification icon in the navigation bar.
2. The user sees all the updates of their submitted requests.

1.4.2 Company Employee's Notification Page

Employee Notification Page

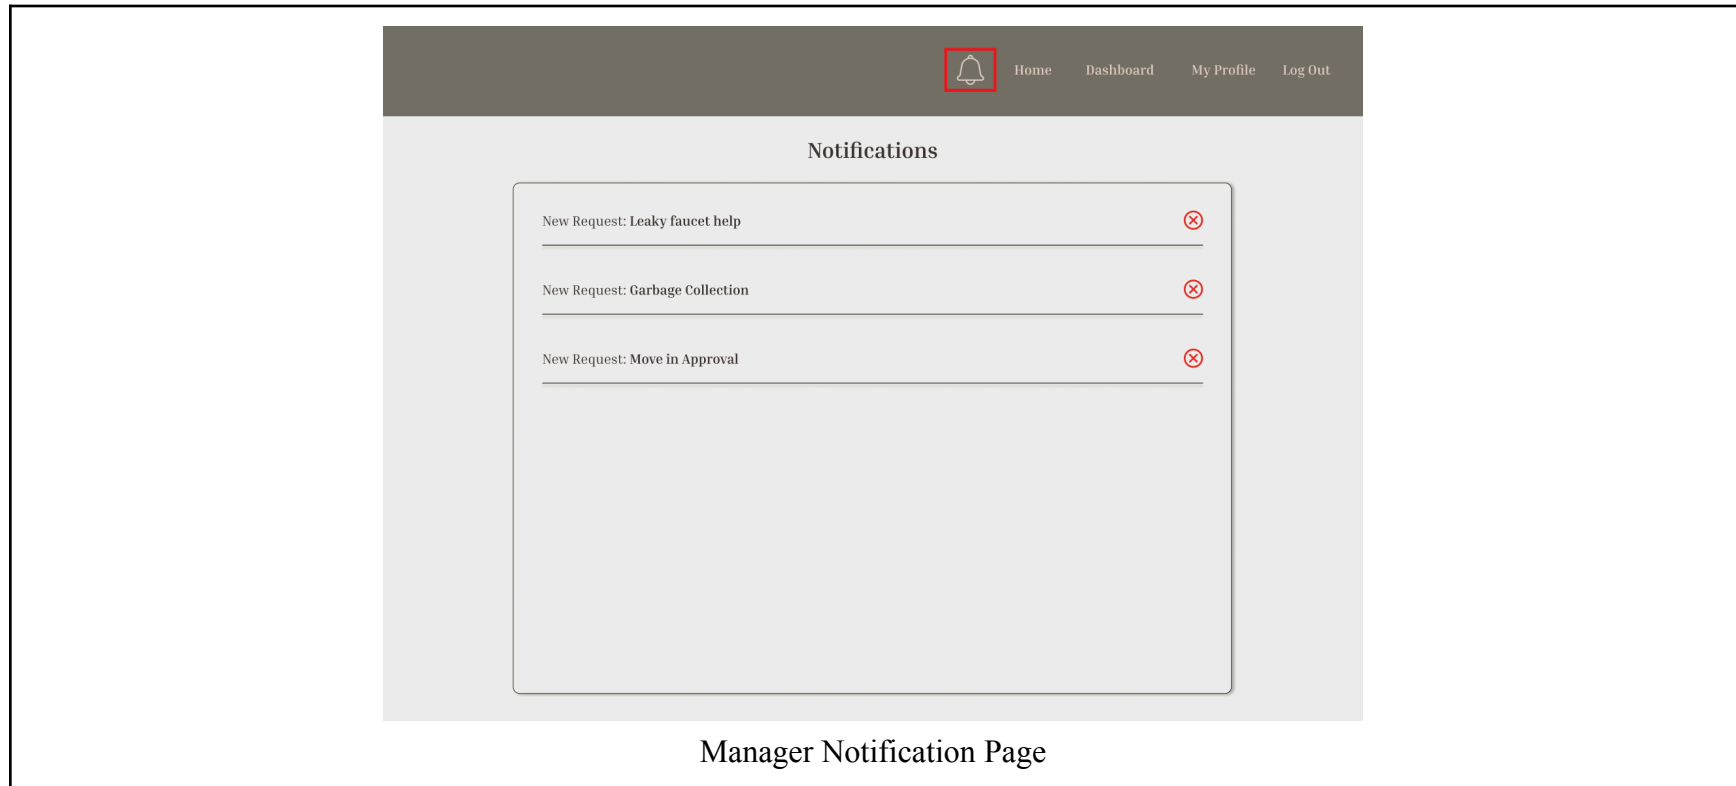

Prerequisite(s):

- User is logged into their account.

Steps:

1. The user navigates to the Notification page by clicking on the notification icon in the navigation bar.
2. The user sees all their assigned requests.

1.4.3 Company Manager's Notification Page

Prerequisite(s):

- User is logged into their account.

Steps:

1. The user navigates to the Notification page by clicking on the notification icon in the navigation bar.
2. The user sees all the new requests.

1.5 US-038

As a condo management company, I want to be able to set up different roles for different employees so that responsibilities can be assigned to the appropriate employee and property management tasks can be efficiently handled.

 <p>The screenshot shows the 'Company Dashboard page'. At the top, there is a navigation bar with links: Home, Dashboard (highlighted with a red box), My Profile, and Log Out. Below the navigation bar, the main content area is titled 'Dashboard'. It contains six icons in a 2x3 grid. The first icon, 'Register Employee' (a document with a checkmark), is highlighted with a red box. The other icons are 'Generate Key' (a key), 'Create Property' (a house), 'Employees List' (a document with a person icon), 'Registration Key List' (a document with a key icon), and 'Properties List' (a document with a house icon).</p>	 <p>The screenshot shows the 'Register Employee Page'. It features a form with several input fields: 'Employee's Role is' (a dropdown menu with options: Manager, Financial Manager, Operator, Admin; the dropdown is highlighted with a red box), 'Company Name', 'First Name', 'Last Name', 'Username', 'Email', 'Phone Number', and 'Password'. At the bottom of the form is a 'Register Employee' button.</p>
--	---

Prerequisite(s):

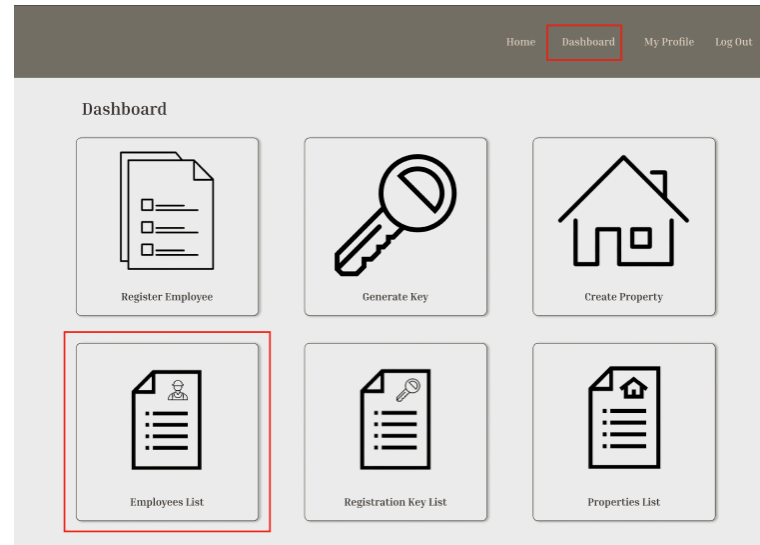

- User is logged into their account

Steps:

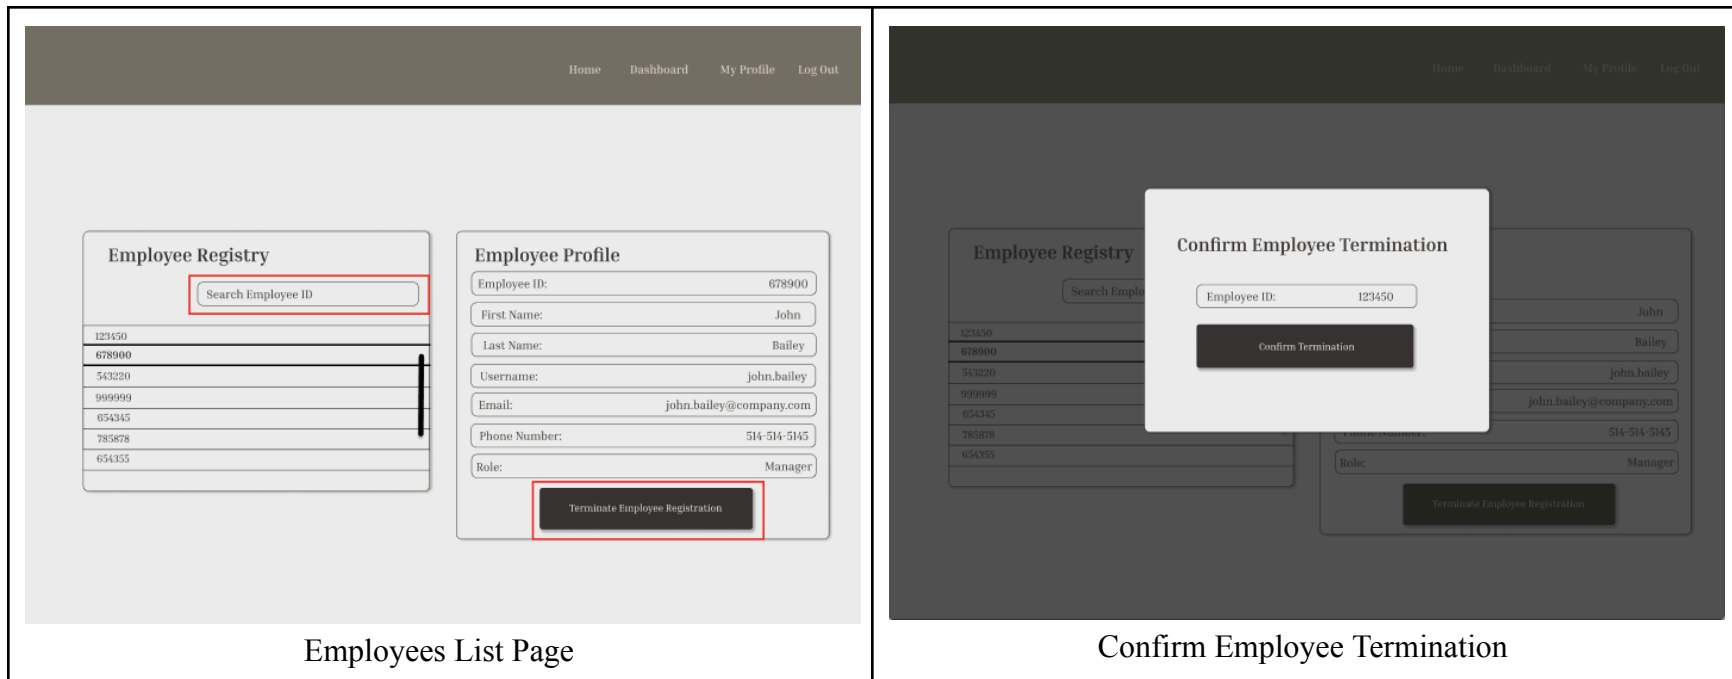

1. The user navigates to the Dashboard by clicking on the “Dashboard” tab in the navigation bar.
2. The user clicks the “Register Employee” box.
3. The user clicks on the dropdown menu to assign a role for the new employee.

1.6 US-039

As a condo management company, I want to delete employee profiles, so that I can remove people that are no longer employees within the company's system.

Dashboard Page

Prerequisite(s):

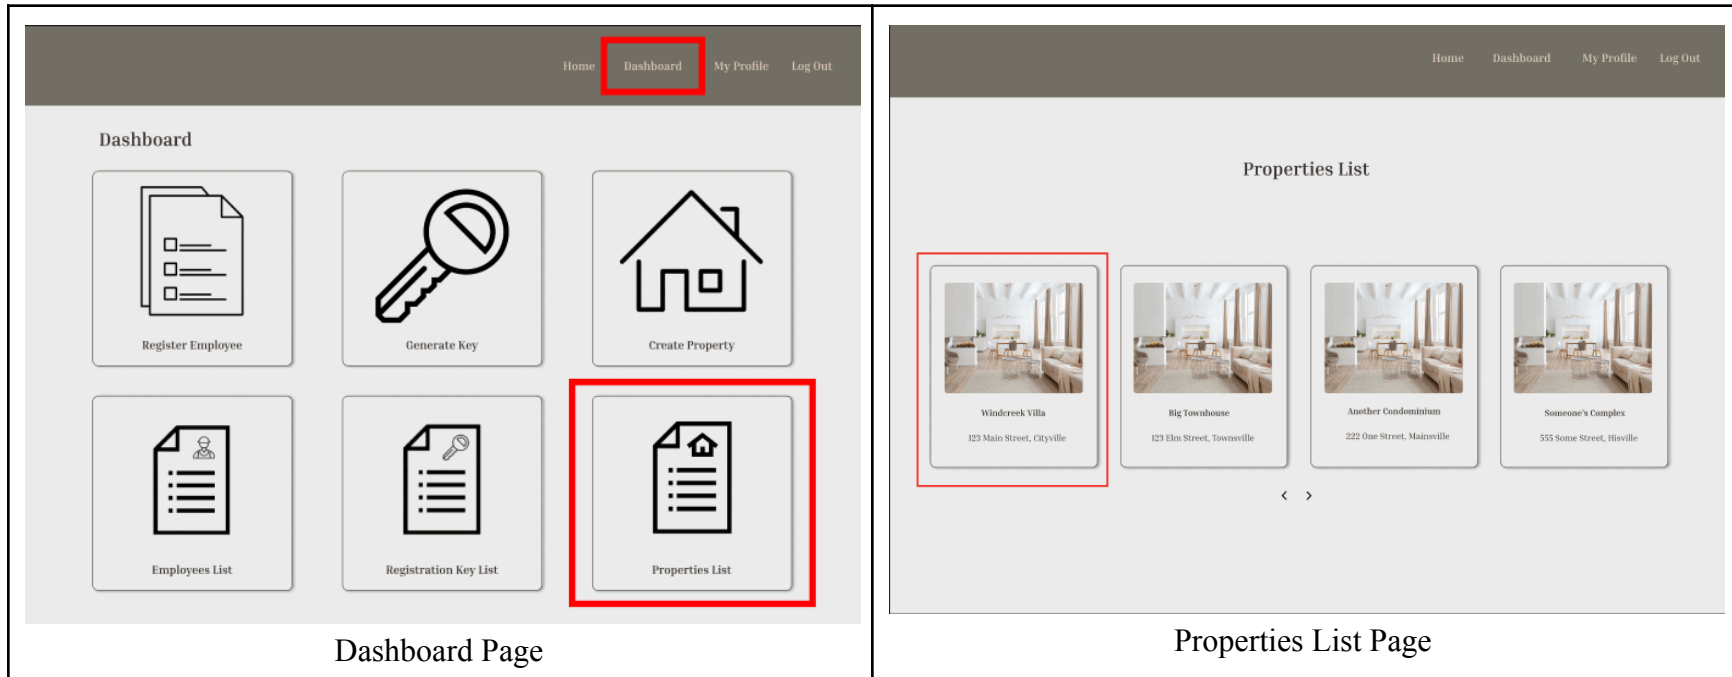

- User is logged into their account

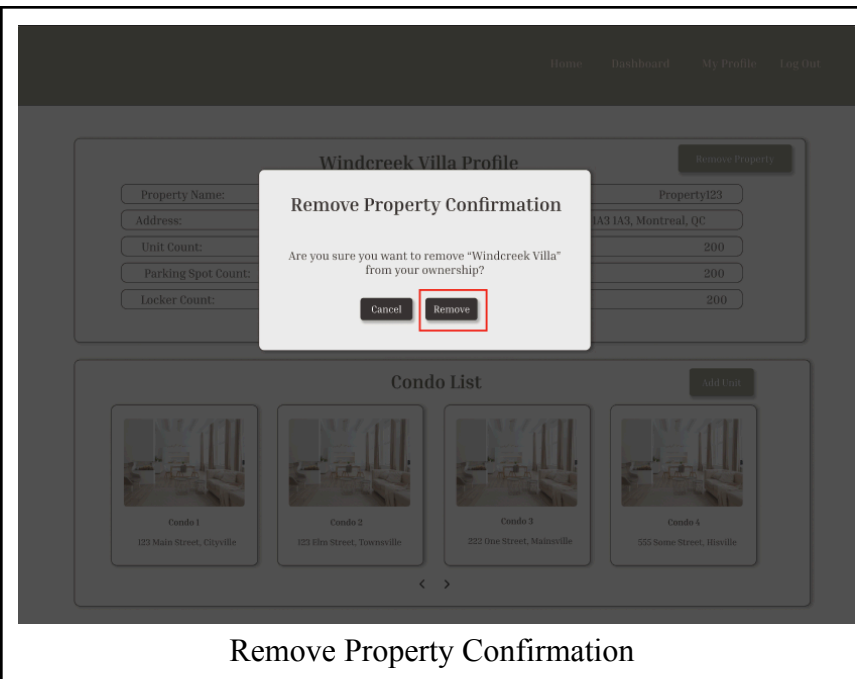

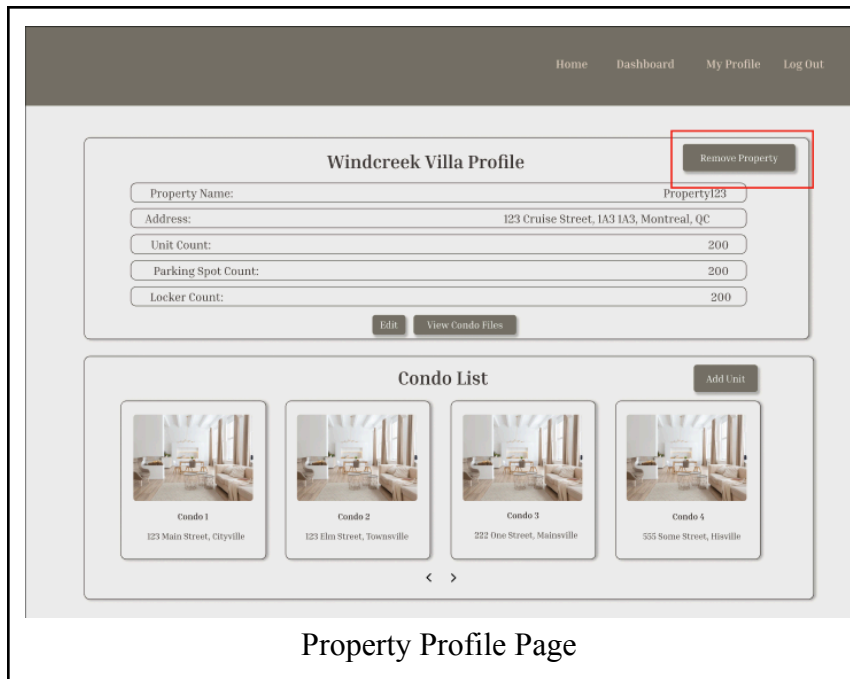

Steps:

1. The user navigates to the Dashboard by clicking on the “Dashboard” tab in the navigation bar.
2. The user clicks the “Employees List” box.
3. The user scrolls through the list of employee ID’s and clicks on the employee they desire, which displays the employee’s profile.
4. The user clicked on the “Terminate Employee Registration” button in the Employee Profile section of the page.
5. The user clicks the “Confirm Termination” button in the Confirm Employee Termination pop-up.

1.7 US-053

As a condo management company, I want to delete an entry of a property made in the contents of my properties list, so that I can remove properties that are incorrect or no longer under my ownership.

Prerequisite(s):

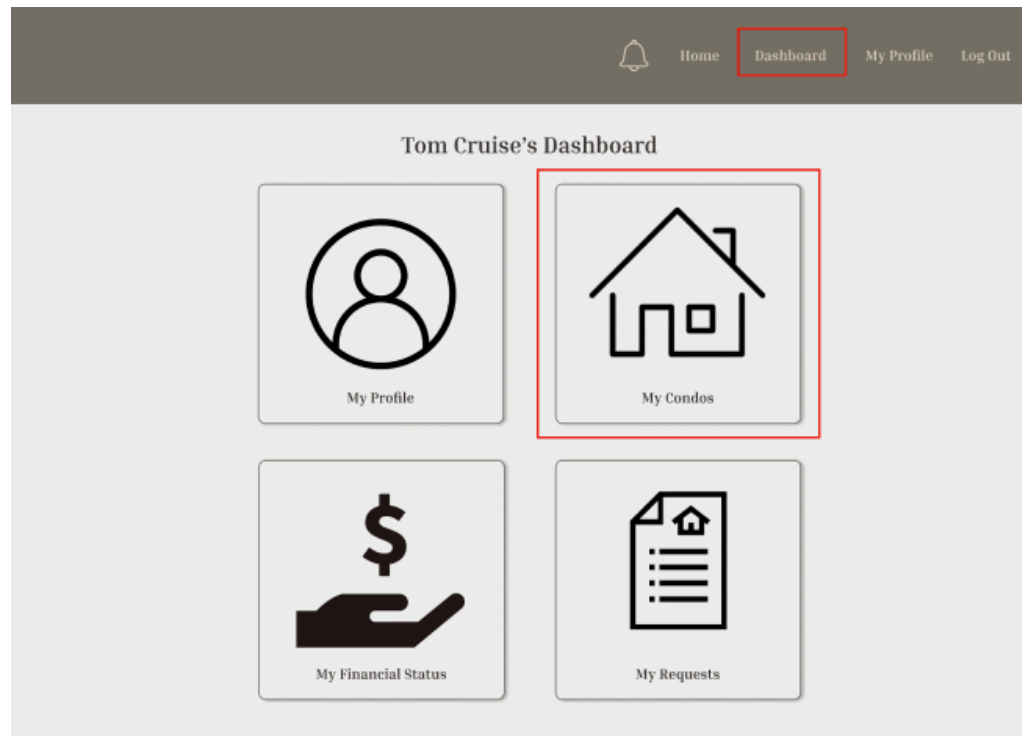

- User is logged into their account

Steps:

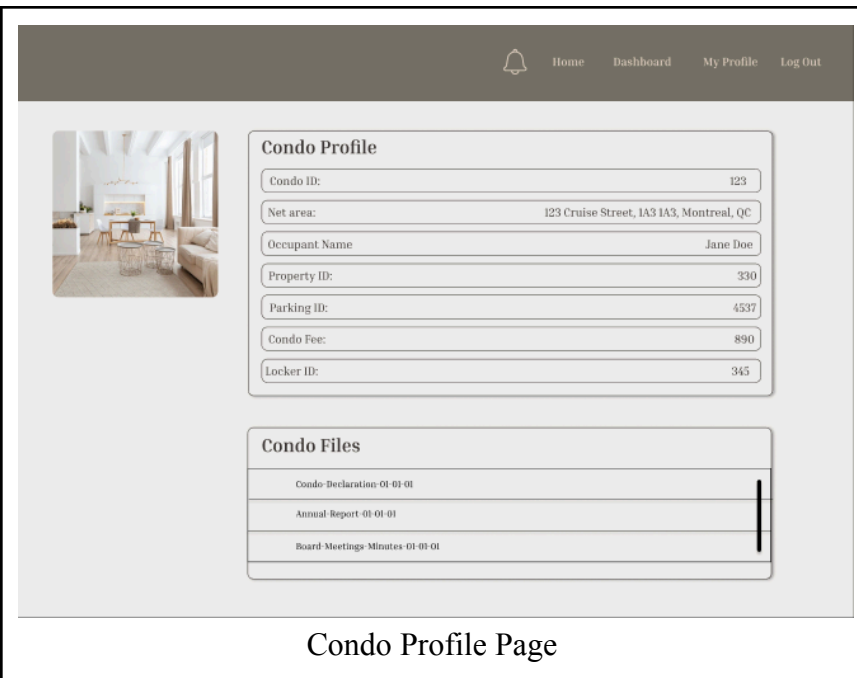

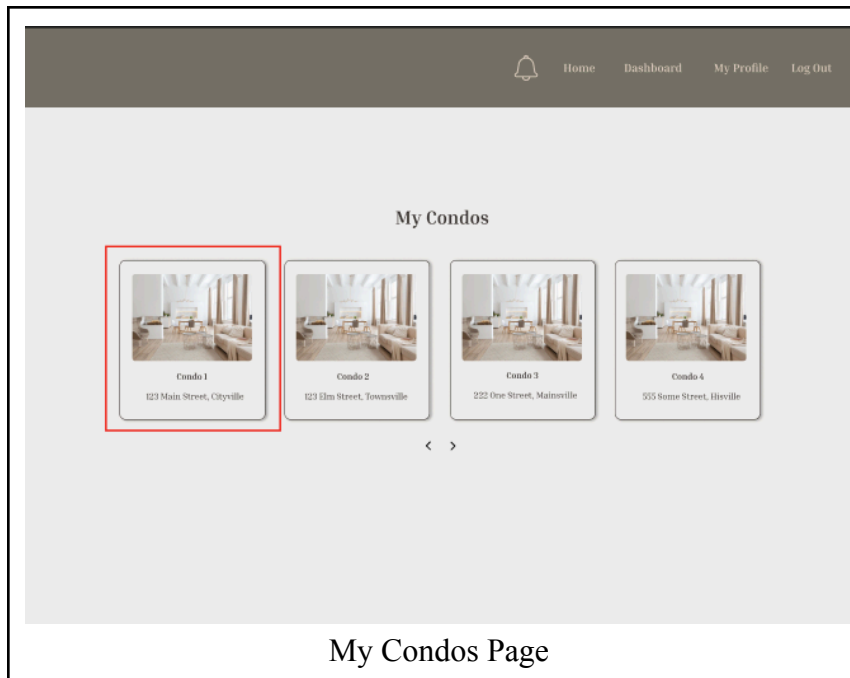

1. The user navigates to the Dashboard by clicking on the "Dashboard" tab in the navigation bar.
2. The user clicks the "Properties List" box.
3. The user scrolls through the list of properties and clicks on the property once found.
4. The user clicks the "Remove Property" button in the Property Profile page.
5. The user clicks the "Remove" button to confirm removing the property from their ownership.

1.8 US-054

As a condo owner, I want to be able to view the profile for a condo that I own (size, parking spot id, locker id, condo fee) so that I can have a comprehensive overview of all essential details pertaining to the condo.

Condo Owner Dashboard Page

Prerequisite(s):

- User is logged into their account

Steps:

1. The user navigates to the Dashboard by clicking on the “Dashboard” tab in the navigation bar.
2. The user clicks the “My Condos” box.
3. The user scrolls through the list of condos and clicks on the condo once found.
4. The user views the condo profile with all the relevant information pertaining to it.
